HIDDEN BEACH

VERY PRIVATE
DESTINATION WEDDINGS

Experience a totally different wedding celebration

Shock your guests with this private destination wedding concept. A totally new, private, 3-acre estate nestled on an unknown secluded beach where you can enjoy private time for 1-5 nights with your family and your friends. Turn your wedding into a very private gala event that everyone will remember for a lifetime.

MOVE UP TO A TOTALLY PRIVATE WEDDING EXPERIENCE

Nature in all its glory is a big part of the excitement. This huge, private white sand beach studded with mature palm trees nestled in a tropical hardwood forest creates a destination wedding wonderland called Hidden Beach. Its remote location ensures quality time alone with your family and friends. For the adventurous, there is excellent snorkeling, swimming, kayaking, paddleboarding, or maybe you just soak up some sun and enjoy rare interaction with friends and family.

SIMPLE TRAVEL TO OUR ISLAND PARADISE

Travel is simple, safe, and secure. No passports are needed. Our mostly undiscovered Florida Keys beaches are only 60 miles from Miami International Airport. And we have special discounts at partner hotels less than a mile away in all price ranges to accommodate your extra guests.

YOU KNOW ABOUT FLORIDA, BUT YOU MAY NOT KNOW ABOUT THE WEATHER IN OUR FLORIDA KEYS

Our islands are the warmest place in the US in winter (Average high is 75 in January and February) yet never exceeds 95 in summer. We enjoy more sun than Los Angeles and half the rain of Miami because of the arid trade winds. Even Florida residents visit here in summer because it is drier and cooler than the mainland.

And, unlike mainland Florida, our islands are very dry year-round. Our rain showers tend to be brief episodes that move in off the ocean on the trade winds, not all day events. This is a [link to a spreadsheet of average weather conditions](#) at our place.

And with so much to see and do, it is impossible to be bored. Enjoy activities for all ages right here on the property including a private pool and an immense, private beach to play on. But, most of all, you need to jump into our warm, crystal clear water to swim, snorkel, kayak, or paddleboard. Most people don't know that our islands boast the last living coral reefs in North America. More people come here to SCUBA dive, or learn to dive, than anywhere else on earth. Or you can all parasail or plan a sunset sailing cruise right from our dock. Great fun for young or old.

A private paradise

EVERYONE WILL WANT TO KNOW HOW YOU COULD AFFORD IT

You will be our only guests, but don't worry about breaking the bank. Our popular 1-5 night private packages include the entire property and on-site accommodations making it your own private island paradise 24 hours a day.

Here is a quick and simple way to complete your initial investigation. We invite you to schedule a 30-minute personal video tour using just your phone. You can stay right where you are and ask all your questions while we stroll the grounds together. This video tour gives you a perspective that photos can't. Following the tour, if everything looks good, we can decide on a "next step". We would love to hear more about your plans.
